# 2019 SPORTS CAMP CALENDAR

Youth Sports summer camps are week long training camps for specific sports. Each camp is held Monday through Friday for two hours. The exceptions to this are the camps that run over the week of Independence Day and the Start Smart Camp. Camps are led by staff and/or qualified volunteers who will take the kids through the skills and knowledge required to be better at the given sport. The camps are really good opportunities for Youth Athletes to grow in a sport, but also a chance for those less athletically inclined to try something new in a non-competitive environment.
